

EYE HEALTH PHYSICIANS OF LANCASTER

SANDFORD C. FRISCH, M.D.

Diplomate American Board of Ophthalmology

Specializing in Glaucoma Management

Dear Patient:

I am writing to inform you that I will be retiring as of September 1, 2025, after 37 years of practicing in Lancaster. Unfortunately, external factors have influenced me to make this difficult decision.

Your continued eyecare health is a priority. To help you find another provider, you can contact your health insurance company and ask which doctors participate with your insurance. The customer service number is usually found on the back of your insurance card. You can also search online directories of local ophthalmologists and/or contact the PA Medical Society at 1-800-228-7823.

The office will remain open for an additional two months, until **October 31, 2025**, to allow patients to obtain their medical records. To protect confidentiality of your medical records, please complete the attached authorization form to release your records to you or your new physician. Kindly, return the completed form **as soon as possible**. A reasonable fee may be charged for copies of your medical records. **After October 31st**, patients will need to refer to our website, www.eyehalthphysicians.com for additional information on how to obtain their medical records.

It has been an honor and a privilege to have served the Lancaster community for so long and I want to express my deep appreciation for your support. I also want to extend my heartfelt gratitude to my loyal staff. It would not have been possible without them.

Sincerely,

Sandford C. Frisch, MD
Eye Health Physicians of Lancaster
